

**INITIAL WEB SITE DEVELOPMENT COSTS****FIVE PAGE WEB SITE**

\$500

Includes designing, programming, one on-line form (for ordering, e-mail response, etc.), advertisement on major search sites, and a free link from our home page to yours.

Client is responsible for write up, supplying graphics (such as company logos), and layout suggestions. We want to make this YOUR site.

**TEN PAGE WEB SITE**

\$800

Same as above site but includes two on-line forms and a total of ten pages.

**MAINTENANCE COSTS**

**MAINTENANCE OF HOME PAGE** (See also Commercial Dial-Up Account and web site hosting on page 3) This fee enables us to keep your page running efficiently and provides you with 20 megabytes of storage space for your site, routine back-ups of your site, and a dial-up access account.

\$50/month

Same as above, but with 100 megabytes of storage space.

\$99/month

**FTP SITE (If applicable)**

\$10/month

**CORRECTIONS OR CHANGES TO EXISTING PAGES**

Text and Graphics Pages

\$60/hour

Order Form Pages

\$60/hour

**OPTIONS****CONSULTING/SET-UP SERVICES**

\$60/hour

This covers any special set-up if you design the site yourself, if you need a secure server site, etc. Please call for more information.

**DETAILED ACCESS STATISTICS**

\$60

Our servers can provide you with detailed statistics about how your site is being accessed and by whom. A must for growing and popular pages, and its a great tool to help you tailor your site to your audience.

**CREATIVE DESIGN SERVICES**

\$60/hour

This fee is if you would like us to handle the design, and write ups for your site.

**ADDITIONAL PAGES**

HTML PAGES

\$60/hour

FORMS

\$60/hour

Just in case you need more forms than the specified amount in the above packages.

**DOMAIN NAME (2 YEARS)**

\$125

If you would like a more personal aspect to your page, your name in your actual address is a start.

<b>CGI SCRIPTING</b>	\$60/hour
Custom CGI/Perl scripting services for interactive web sites and e-commerce sites are available, as well as customization/modification of existing scripts. We have some scripts for forms processing, bulletin board, hit counters, and other functions available for your use.	
<b>DOMAIN NAME HOSTING (1 YEAR)</b>	\$25
If you already own your domain name, this fee would cover the hosting of that name on our network of Domain Name Servers.	
<b>ADDITIONAL STORAGE SPACE</b>	\$5/month
If you need space beyond the 20 or 100 megabyte range, you may purchase space in increments of 5 megabytes.	
<b>SET UP FTP SITE</b>	\$60
Only for those who wish to offer the service of downloading files.	
<b>DIGITAL ID</b>	
If you need to use our secure server, you will need to obtain a Digital ID from Thawte. Their prices are as follows:	
New Digital ID -- Initial one year of Digital ID services	\$125.00
Digital ID Renewal -- One year of Digital ID services for a previously-certified server	\$100.00 each
<b>DEDICATED INTERNET CONNECTIONS</b>	
<b>33.6 ANALOG MODEM CONNECTION</b>	\$75/month
This service can provide entry level dedicated connectivity for a LAN or single host. The pricing includes a dedicated telephone line into our site, a static IP address, a class C IP address block if needed, 24 hour monitoring, and routing of your class C or subnet. Also provides easy upgrade path to ISDN or T1 Dedicated accounts.	
<b>DUAL ANALOG CONNECTION</b>	\$150/month
Use two modems and phone lines to double your throughput, perfect for areas where ISDN is unavailable or cost prohibitive. (May require specific hardware, call for details)	
<b>64K ISDN CONNECTION</b>	\$150/month
This service provides faster access for larger LANS, web servers, or more web users.	
<b>128K ISDN CONNECTION</b>	\$250/month
For larger networks and web servers.	
<b>56K LEASED LINE</b>	Call for quote
<b>T1/FRACTIONAL T1</b>	

All dedicated access accounts include IP Address space if needed, 24 Hour monitoring, pager access to technicians, and dedicated telco service into our facility. You will not share lines with other users, so there will be no chance of busy signals or connection downtime. Most connections will also have telco charges which will vary with distance, usage, and bandwidth. Our sales representatives can assist you in getting pricing for those facilities.

**INDIVIDUAL DIAL-UP ACCOUNTS (for personal or NON-Profit organization use)**

Includes unlimited access to the web, E-mail, Usenet news groups, 2 meg personal web space, and more. We also provide software for Macintosh or Windows 3.1 if needed. The dial-up accounts are served by state-of-the-art 56K modem pools, and all equipment is monitored 24 hours/7days per week to ensure reliable service. We operate both a local Virginia network, and a National network, so you can choose your account access based on your location and travel patterns.

MONTHLY UNLIMITED ACCESS (Local Virginia Network)	\$15/month
YEARLY UNLIMITED ACCESS (Local Virginia Network)	\$120/year

MONTHLY UNLIMITED ACCESS (Nationwide Network)	\$20/month
---	------------

NO setup fees for dial-up accounts!

QUANTITY DISCOUNT FOR 20 OR MORE ACCOUNTS	\$10/month
	\$100/year

See section below titled "Other Add-On Services" for additional options available on these dial-up accounts.

**COMMERCIAL DIAL-UP ACCOUNTS**

This service is the same as our web hosting service. It includes 20 MEG of commercial web space, access to CGI scripts to process forms and such on your web site, and you can have simultaneous logins for up to 10 users and 10 separate E-mail addresses. Its a prefect solution for small organizations that need a strong Internet presence, but not full-time connectivity.	\$50/month
---	------------

SET-UP OF EXTRA E-MAIL ACCOUNTS	\$5/each
---------------------------------	----------

This is a one-time charge to set up E-mail accounts within your commercial account. One is included with the account, and you may add up to nine more for a total of 10.

SINGLE USER DIAL-UP	\$25/month
---------------------	------------

This account is for small businesses that only need one login and mailbox. It also includes 10 meg of commercial web space, access to CGI scripts, forms, etc.

**COMMERCIAL WEB SITE HOSTING**

For hosting of web sites for customers that do not require dial-up access or e-mail addresses, we offer commercial hosting space that includes access to CGI scripting, 24 hour uptime, a link on our home page, and free listing with search engines in the following space increments:

10 Megabytes	\$20/month
20 Megabytes	\$35/month
100 Megabytes	\$75/month
Secure Hosting Surcharge (applies to any hosting package)	\$25/month

**Microsoft Front Page extensions are available at no charge for all commercial hosting accounts.**

**SERVER CO-LOCATION**

For some specific applications, it may be beneficial to co-locate your hardware at our site. In that case, you will be insured maximum uptime and availability of your server on the Internet, plus you have complete control over the management of your equipment. It will be constantly monitored and power protected, as well as be connected to our switched 100 Megabit Fast Ethernet network for maximum performance. Your servers will be given fixed IP addresses, and we can handle Domain Name Registration for the servers as well if needed.

Co-location service for first server	\$200/month
Each additional server	\$100/month

**OTHER ADD-ON SERVICES**

Email to pager service: Gives any alphanumeric pager an email address.	\$5/month
Static IP address: add a static IP address to any dial-up account. \$5/month	
Extra email address: add an extra email address to a personal dial-up account.	\$5/month
